

AiP10008

1/32 SCALE
FAB 1

Paint colour references:

We recommend using the following Humbrol paint colours:
(Paints not included)

- 11** SILVER
- 21** GLOSS BLACK
- 22** GLOSS WHITE
- 53** GUNMETAL
- 60** MATT SCARLET
- 85** SATIN COAL BLACK
- 200** GLOSS PINK
- 1321** CLEAR RED (alternatively use Tamiya X-27 Clear Red)

The original Thunderbirds television series was produced in a time before CGI and computers. Skilled model makers and technicians created several models in varying scales depending on the shot required in the storyline. This coupled with camera lighting from different angles means the various craft do appear to be different colours in certain scenes. The paint codes provided are a basic guide and we would suggest watching the episodes and referring to the box photo for further detailed information.

How to apply decals:

Waterslide decals are supplied with this model kit.
Please follow these instructions when applying.

①

- Cut out the decal to the required shape using scissors or a craft blade.

②

- Dip the decal in water for 10 to 20 seconds.

③

- Place decal in the desired position and slide it gently from the backing sheet using tweezers
- Adjust position if required and dry excess water with a soft cloth.

You will also need: (not included)

Plastic Cement

Super Glue

Sprue Nipper

Craft Knife

Tweezers
